REQUEST FOR SUSPENSION OF 37 C.F.R. §§ 1.48 and 1.63
UNDER 37 C.F.R. § 1.183

Sir:

The Applicants hereby request and/or petition under 37 CFR § 1.183 for the suspension of the signature requirements for Mr. Stefan Ufer under 37 C.F.R. § 1.47 as Mr. Ufer has refused to sign the necessary papers such that the designation of inventorship in the above-identified patent application can be amended as requested in the concurrently filed Request for Correction of Inventorship under 37 C.F.R. § 1.48. Evidence in support of the suspension of rules is provided herein.

Applicants and Applicants' representative have been trying to resolve the inventorship of the above referenced application since early 2002. An inventorship investigation by Applicants' representative, Elizabeth A. Stanek, resulted in the addition of Stefan Ufer, Jason Fiering and Bahram Ghaffarzadeh Kermani. Mr. Ufer, Mr. Fiering and Mr. Kermani concurred that they should be named as inventors on the above referenced application. Mr. Fiering and Mr. Kermani signed documents to implement the correction of the inventorship. Mr. Ufer has refused to sign these documents.

In particular, Applicants' representative has forwarded the documents necessary to correct inventorship in the above referenced matter to Mr. Ufer for his signature on multiple occasions. An Assignment, a Declaration and a statement pursuant to 37 C.F.R. § 1.48 were forwarded to Mr. Ufer via Federal Express on June 24, 2004. *See* Letter from Elizabeth A. Stanek to Mr. Ufer on 6/24/04 at TAB A. Even though Mr. Ufer is an employee of North Carolina State University (NCSU) and under an obligation to assign to NCSU, the signed documents were not signed and returned by Mr. Ufer. Applicants' representative, Elizabeth

In re: Scarantino et al.
Serial No. 10/089,483
Filed: September 17, 2002
Page 2

A. Stanek, attempted to contact Mr. Ufer by telephone and email several times, but the documents were still not signed and returned. Finally, on November 5, 2004, the Assignment, Declaration and statement pursuant to 37 C.F.R. § 1.48 were again forwarded to Mr. Ufer for his signature. In the letter forwarding the documents, Mr. Ufer was warned that if he did not return the signed documents, Applicants' representative would proceed with changing the inventorship using procedures directed to dealing with an uncooperative inventor. *See* Letter from Elizabeth A. Stanek to Mr. Ufer on 11/5/04 at TAB B.

Accordingly, Applicants respectfully submit that a *bona fide* attempt was made to obtain Mr. Ufer's signature on the Assignment, Declaration and statement pursuant to 37 C.F.R. § 1.48 so as to obtain correction of inventorship in the above referenced matter. In fact, Mr. Ufer expressly refused to sign the documents presented to him for signature, even though he agreed that he should be named as an inventor on the above referenced application. Thus, Applicants respectfully request that a suspension of the necessary rules be granted so the proper inventorship may be on file in the above referenced application.

The petition fee in the amount of \$400.00 as required by 37 CFR 1.17(f) is included herein. Any additional fees or refunds associated with this transaction may be charged or overpayment credited to our Deposit Account No. 50-0220.
